### *Max Fun Factor, Pump Profits!*

It's no secret ... Video King is among the largest providers of electronic gaming systems, Bingo hall equipment and game designs.

But, did you know Video King has a wealth of specialty games – that can readily be loaded onto our line of gaming devices.

Adding specialty games to our electronic handsets and tablets means buying less paper, increases the fun factor for the players, and can greatly multiply your profits!

Here's just a sampling of the specialty games and gaming devices Video King has to offer:\*

Lil' Champ™ Handset

SuperChamp™ Handset

\*Please note: Some games may have small usage fee

### 90-Number

Mark your cards every time! Every blank space is a "free" space! The letters, "B-I-N-G-O," are not listed at top of this card. Instead, games are played as horizontal patterns or coveralls. Bonus: Fewer duplicate winners. Less staff needed for verification!

### Triangle

With 14 numbers in the shaded area on each card, and 10 numbers in the "non" shaded area, players can play for two different sized prizes!

### Lucky Star, Starburst

One square on each card is marked randomly with a "Star." Great for a Speed Ball game. Win on the "Star" for a special prize, or the number inside the "Star" is free!

## Game On!

### *Red, White & Blue*

Win a different prize for each different color of card! Now that's democratic. Fun for all!

### *Double Action, Dual Daub*

Card marked with two numbers in each square! Plays faster as any one number daubed covers the whole square! Great for Early Birds, Night Owls! Fast play!

### *Horse Racing*

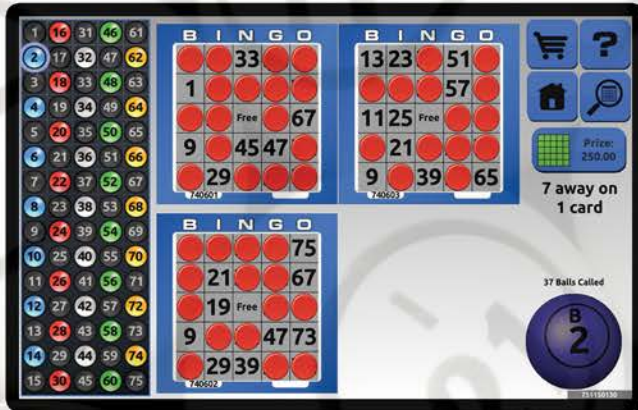

Video King's exclusive horse race game! Daub the shaded areas for your horses to win prizes! If no one gets the "purse," a completion game can be played for a consolation prize. A real winner. Play exactas, trifectas, quinellas and even superfectas!

### *Lucky "7"*

There's a "7" shaded area on each card. Winner covers the "7" first! Consolation for covering the six spaces in the white to the left of "7". Or, larger consolation for covering the 10 white spaces to the right of the "7"!

## Game On!

### *Wild Numbers*

Players will rave over possibilities. Opt for Odd/Even, shown left, with Number 2 ball highlighted and all even numbers daubed. Other supported Wild Number types include: Leading, Trailing, Both, Trailing Both and Row!

### *PowerPick-em's*

Choice game and loaded with fun! Choose 7, 8 or 9 numbers on a card. Players can pick their own "lucky" numbers – or our "Quick Pick" feature can do the choosing for them!

### *Books Of Choice*

Each gaming device has only one color of cards. Player pays \$30 for a green set of cards, for example, and all games have a \$150 top prize, if won. Player pays \$50 for a yellow set of cards, and all games have a \$200 top prize. Player pays \$70 for a red set of cards, and all games have a \$300 top prize!
