With the latest video presentation technology, Video King's state-of-the-art flashboards can be customized to display the game information you desire. This software, offered exclusively by Video King, is installed on our PowerPlay™ line of bingo consoles. The video flashboards can be presented in any size – large or small – whether it's onto big-screen TVs, regular video screens or even projected onto a wall.

Your Choice Of Flashboard Displays!

Video Flashboard Features

- Default display includes ball camera, integrated with game pattern, prize value, number of calls, as well as individual balls called
- Halls using two PowerPlay consoles can "double their fun," by providing two unique hall graphics channels
- Second PowerPlay often used for Bonanza bingo games
- Second hall channel can be used to display both the Bonanza flashboard and regular flashboard throughout the entire bingo session
- Video flashboard, available in vertical configurations, can be customized by changing the colors of the called balls, uncalled balls and last ball called, reflecting the color theme of your hall
- Variety of optional elements, choose which video flashboard display works best for you ...
